

Mount Pearl Annual Athletics Awards 2016

Melanie Hallett

**Winner of the Peter Halliday Memorial Award
for Executive of the Year, 2016**

In her 4th year as Campia Gymnastics President, Melanie's countless hours of planning, development, marketing and fundraising meetings with various stakeholders finally paid off as the Club realized its long term goal and opening its new, state of the art \$4.2 million facility. The new facility, opened in July is recognized as the best in Atlantic Canada, and will provide more opportunities for membership growth and advancement of gymnastics locally and across the province.

Melanie is also credited for her emphasis on coaching development, her advocacy for the sport, and commitment to give back to the community. Coach development is producing best ever results in competition, and program development and participation have improved dramatically. More effective relationships with key players in the sport and in the community are also creating valuable resources and knowledge, and the club continues to give back through its participation in events like Run for the Cure, Paddle in Paradise and Janeway Jamarama Day.
