Did you know.....?

Youth that participate in sports consume more junk food and sugary drinks than youth who don't participate in sports?

Young athletes perform at their best when fueled with healthy food and beverages?

What children and youth choose to eat depends largely on what choices are available to them. Canteens provide an opportunity for athletes, their families, and other spectators, to consume healthy food and beverages, as long as healthy options are offered!

As such, Eat Great and Participate is offering funding to Mount Pearl Sport Alliance member organizations who wish to offer a Junk Food-Free Canteen at an upcoming tournament or event! This funding can be used towards the purchase of healthy food and beverages, with menu support provided by Eat Great and Participate's registered dietitian, and small equipment such as coolers or blenders, if necessary.

If you're interested in learning more about this opportunity, please contact Stephanie at 729-4490/[sobrien@recreationnl.com](mailto:sobrien@recreationnl.com), or Sara Moss at [smoss@mountpearl.ca](mailto:smoss@mountpearl.ca).
